

COPPER MOUNTAIN HAS YOUR SNOW DAY

COPPER MOUNTAIN, CO – Copper Mountain knows there are skiers and riders out there who have never felt the thrill of waking up and hearing on the radio that school was cancelled. There are people who have never spent a whole day in the snow doing anything their heart desired. These people, and those who understand snow day bliss, are the reason the staff of Copper does what they do.

Skiers and riders do not get to experience the excitement of a snow day often enough, so the goal is to make Copper the home of the Snow Day - the place you go to take a day, or two or seven and experience the mountain.

Copper is making it easy to enjoy a snow day this season with the 4th night free lodging deal. Copper is hooking up this dynamite deal if you ski the slopes and slumber in the lodge this winter. Stay for at least 4 nights and your last night is free, restrictions apply. Make sure to check out www.coppercolorado.com or just pick up the phone and call a Copper Vacation Specialist at 1-888-212-9433 to make it happen.

For the winter 2009-10 season, Copper's après scene features live music five days a week, with all your favorites and some new soon-to-be-favorites taking the stage at JJ's, Jack's Bar and Endos. Look for a few new hot spots this season, including The Green Fairy, an absinthe bar with late-night fun, and The Uphill Grind, with coffee, teas and delicious to-go waffles. Jack's Slopeside Grill continues to offer a nutritious health bar during breakfast, wholesome and healthy lunch options daily at the artisan sandwich station, and the best of casual Vietnamese and Thai lunch options with phos and curries at Lemon Grass. JJ's Rocky Mountain Tavern's nightly dinner specials will be made of all-natural ingredients.

Copper's Ski and Ride School is offering the best insurance for a season full of snow days – taking a lesson. It is not just for beginners, Copper's instructors are there to make your snow day better and help you find a new skiing and riding comfort zone. New on tap this season are shorter adult lessons, improved usage of the flak real-time GPS system, and Discover Private lessons starting at \$75.

Take a snow day cruising in one of the bowls on Copper Mountain. Located about 90 minutes west of Denver, alongside I-70, this Colorado resort is home to fantastic trails for every ability.

Woodward at Copper is the first indoor/outdoor ski and snowboard camp on the planet. The 20,000-square-foot Woodward at Copper Barn gives campers access to Snowflex® jumps, foam pits, a spring floor, trampolines and indoor skateboard features. This winter, Woodward at Copper will offer Winter Camp Days, allowing skiers and riders to focus on learning their next park and pipe trick. Those already thinking about warmer weather will want to check out Woodward at Copper's week-long summer camps with exclusive access to Colorado's only on-snow summer terrain park. www.WoodwardatCopper.com

Copper never has a shortage of unique family activities. Make sure to make reservations for Kids in the Kitchen at Pizza Carlo where kids roll up their sleeves and make pizza for the family, including the kid-approved Dessert Pizza. Copper's Coca-Cola Tubing Hill is an ideal activity for the whole family, either after a day of skiing and riding or just before lunch.

Tubing is fun – plain and simple. There is no skill required. Just bring warm clothes, sunscreen for the days, and night vision goggles for the evenings; just kidding. The lights at the Tubing Hill keep the party going long

after dark. Here is what you can look forward to: The wind is flying by your face, you are holding onto your tube as if it is a family heirloom and you cannot tell if you are laughing or screaming or both. Stand up, brush the snow off and get ready to do it all again.

Copper's line up of events and competitions are bound to make your snow day even better this year. Top snowboarders from around the globe will compete for the title of overall winner during the kickoff to America's largest competitive snowboarding tour - the U.S. Snowboarding Grand Prix and Paul Mitchell Progression Session, Dec. 10-13. All the top snowboard athletes will be throwing down in Copper's 22-foot Superpipe, located right in the heart of the Village at Copper. This year's competition should not be missed, as athletes vie for coveted US Team spots that will send them to the 2010 Winter Games in Vancouver.

Springtime turns, attractive tunes and warm sunshine are all on order for Copper's ninth annual Sunstation April 2010. Past performances include The Wailers, Michael Franti & Spearhead, DJ Z-Trip, Mix Master Mike and many more. In addition, there are the Red Bull 1976 Games on closing weekend, which brings the '76 games back to Colorado and finally "give the year 1976 its day." Competitions include Snowbladecross and Old School Air, most outrageous costume and team mojo!

So now that you have read all those Copper words, you deserve a snow day. At Copper, you can give yourself that day of absolute freedom. Get ready to be amazed while you ski and ride Copper's 2,465 acres, sing along at après and cheer at En Fuego.

4th Night Free
from \$139 pp/nt

Everyone Deserves A Snow Day

We know there are skiers and riders out there who have never felt the thrill of waking up and hearing on the radio that school was cancelled. Some people have never spent an entire day in the snow doing anything their heart desired. No joke. These people, and those who understand snow day bliss, are the reason we do what we do.

So come to Copper Mountain where the 4th night is free, starting from 139 pp/nt. Welcome all, young and young at heart, to the home of the snow day. Restrictions apply.
