MOUNTAIN RESORTS PROVIDES CUSTOM VACATION PACKAGES to SKI TOWN USA

STEAMBOAT, CO – Mountain Resorts, Steamboat's Lodging Expert, offers over 500 condominiums and townhouses with a wide range of rates and amenities. Their friendly and experienced vacation counselors will tailor a vacation package to your specific needs. Mountain Resorts' goal is to make your vacation a truly memorable experience by exceeding your expectations in accommodation and service. Lodging choices range in size from cozy economical studios to luxurious seven-bedroom townhouses – all in great locations surrounding the Steamboat Ski Area base.

Located in northwestern Colorado, Steamboat is known around the globe as Ski Town USA, having produced more winter Olympians than any other town in North America. From the friendly locals to the Western rancher charm, you would be hard pressed to find another resort town that exudes as much history, heritage and character. Maybe it is the town or the mountain or the huge dump of Champagne Powder Mother Nature covers Steamboat with every winter. Whatever it is, it makes Steamboat the perfect place to strap on skis or a snowboard and have the time of your life.

Mountain Resorts' variety includes Steamboat's favorite collection of slope side properties, Storm Meadows at Steamboat (www.StormMeadows.com). The ease and convenience afforded by the properties' great location keep them a perennial favorite. Choices range from the lavishness of The Trails and Spa at Storm Meadows, the spectacular views of Storm Meadows Club Condominiums to the very popular and economical Storm Meadows at Christie Base.

If true luxury is your desire, you will love The CrossTimbers at Steamboat. These large, well-designed and furnished homes feature 30-foot ceilings with enormous windows, which provide magnificent views. Mountain lifestyle and Western heritage merge in the design of CrossTimbers, integrating large

logs, river rock, stucco, rough cedar and log rail decks. A high level of service matches the décor and includes daily housekeeping and private shuttle service.

In recent news, one of Mountain Resorts most popular properties, The Phoenix at Steamboat, has just completed a multi-million dollar exterior renovation. Everything from windows and doors to stucco and siding has all been enhanced to create a fresh new look. The Phoenix offers a great combination of location and amenities right across the street from the slopes and at a moderate price. These two-, three- and four-bedroom condominiums have large open floor plans and private garages along with private shuttle service. On-site you will find an outdoor heated pool, hot tubs and a clubhouse with an Internet café. Mountain Resorts also offers excellent economical choices including Shadow Run or the Rockies Condominiums. Both are clean and comfortable with great features such as outdoor heated pools and hot tubs and are a great value.

Mountain Resorts reservation sales agents all call Steamboat home year-round and are quite familiar with the area and all that Steamboat has to offer. Your vacation package could range from airline, lodging and lift tickets to a sleigh-ride dinner or a hot air balloon ride. Whether you are traveling for a well-planned family vacation or looking for last minute get away, Mountain Resorts has many options.

PIONEER RIDGE OFFERS UNIQUE VACATION RENTALS in STEAMBOAT SPRINGS

STEAMBOAT, CO – Your Steamboat Springs ski vacation just got a whole lot more comfortable and easier to book. Pioneer Ridge is Steamboat's local lodging company, representing over 170 private homes, condominiums, townhouses, and cabins. From seven-bedroom luxury chalets to economical studio condominiums, Pioneer Ridge can satisfy all your Steamboat lodging needs. They even offer several pet-friendly options if you decide to bring your four-legged friend.

Recently added to the Pioneer Ridge lodging inventory are four exclusive new developments in the downtown district of Steamboat Springs. The Alpenglow Condominiums & Townhouses, Howelsen Place, The Olympian and The Victoria all offer luxury lodging in spacious properties from one- to three-bedroom units.

Staying downtown as opposed to on the mountain for your ski vacation (there are 3 miles between downtown Steamboat Springs and ski area) is a bit counter intuitive. Instead of the convenience of ski-in/ski-out, these properties are all located in the center of Steamboat's shopping and dining district, so you can walk to the shops, restaurants, movies and even some day spas. The city bus service provides transportation to the ski area every half hour, so getting to the slopes is still very convenient. Staying downtown offers guests the opportunity to see Steamboat from a local's perspective.

If you are traveling with a large family or group, Pioneer Ridge manages a plethora of private homes that make vacation lodging as comfortable as your own house, in some cases even more comfortable. With homes ranging in size from three to seven bedrooms that sleep up to 16, staying in one of these private homes can even be more affordable than the typical condominium or hotel room. Every private home rental is one-of-a-kind, offering guests an array of amenities and experiences from which to choose. Features may include private hot tubs, gourmet kitchens, game rooms, home theaters, on-call winter shuttle service and scenic outdoor living spaces.

For those with discerning tastes and an ample lodging budget, Pioneer Ridge offers the Platinum Collection, a careful selection of the most exceptional Steamboat Springs vacation rental properties. These distinctive residences feature sophisticated interiors that have been beautifully decorated with top of the line furniture and finishes, and outfitted with premium amenities such as gourmet kitchens, state-of-the-art home theater systems, private hot tubs, game rooms, plush bedding, granite counter tops and custom bathrooms. Pioneer Ridge's Platinum guests enjoy attentive care along the lines of what you would expect from a four-star hotel, such as pre-arrival concierge service, daily housekeeping, upscale bathroom amenity products, and fine linens and towels.

With Pioneer Ridge, what you see is what you get. Gone are the days of being told what to expect by your lodging company only to find something completely different when you arrive on site. With Pioneer Ridge, you can view photos of every individual unit, along with a description and list of specific features, before you make your reservation. Visit the Pioneer Ridge website to view real-time availability calendars for each property and instantly book the property that is perfect for you at www.steamboat-springs.com

The best deals and discounts can be made when you book directly from Pioneer Ridge. Their website displays retail pricing as well as discounted rates so you can see exactly what kind of value you getting.

You can view all of the fine properties of Pioneer Ridge by way of an easily found link in the Colorado Lodging section of www.skiernews.com or on their website at www.steamboat-springs.com
