

PIONEER RIDGE HAS the FINEST HOME RENTALS in DOWNTOWN STEAMBOAT

STEAMBOAT, CO – Your Steamboat Springs ski vacation just got a whole lot more comfortable and convenient. Pioneer Ridge is Steamboat's local lodging company, representing over 175 private homes, condominiums and now a prime downtown Steamboat Springs collection of properties. They even offer several pet-friendly options if you decide to bring your four-legged friend.

Recently added to the Pioneer Ridge lodging inventory are four exclusive new developments in the downtown district of Steamboat Springs. The Alpenglow Condominiums & Townhouses, Howelsen Place, The Olympian, and Residences of Old Town all offer luxury lodging in spacious properties from one- to three-bedroom units.

Staying downtown as opposed to on the mountain for your ski vacation (there are 3 miles between downtown Steamboat Springs and ski area) is a bit counter intuitive. Instead of the convenience of ski-in/ski-out, these properties are all located in the center of Steamboat's shopping and dining district, so you can walk to the shops, restaurants, movies and even some day spas. The city bus service provides transportation to the ski area every half hour, so getting to the slopes is still very convenient. Staying downtown offers guests the opportunity to see Steamboat from a local's perspective.

If you are traveling with a large family or group, Pioneer Ridge manages a plethora of private homes that make vacation lodging as comfortable as your own house, in some cases even more comfortable. With homes ranging in size from three to seven bedrooms that sleep up to 16, staying in one of these private homes can even be more affordable than the typical condominium or hotel room. Every private home rental is one of a kind, offering guests an array of amenities and experiences from which to choose. Features may include private hot tubs, gourmet kitchens, game rooms, home theaters, on-call winter shuttle service and scenic outdoor living spaces.

For those with discerning tastes and an ample lodging budget, Pioneer Ridge offers the Platinum Collection, a careful selection of the most exceptional Steamboat Springs vacation rental properties. These distinctive residences feature sophisticated interiors that have been beautifully decorated with top of the line furniture and finishes, and outfitted with premium amenities such as gourmet kitchens, state-of-the-art home theater systems, private hot tubs, game rooms, plush bedding, granite counter tops and custom bathrooms.

Pioneer Ridge's Platinum guests enjoy attentive care along the lines of what you would expect from a four-star hotel, such as pre-arrival concierge service, daily housekeeping, upscale bathroom amenity products and fine linens and towels.

With Pioneer Ridge, what you see is what you get. Gone are the days of being told what to expect by your lodging company only to find something completely different when you arrive on site. With Pioneer Ridge, you can view photos of every individual unit, along with a description and list of specific features, before you make your reservation.

Visit the Pioneer Ridge website to view real-time availability calendars for each property and instantly book the property that is perfect for you at www.steamboat-springs.com

The best deals and discounts can be made when you book directly from Pioneer Ridge. Their website displays retail pricing as well as discounted rates so you can see exactly what kind of value are you getting.

You can view all of the fine properties of Pioneer Ridge via an easily found link on: www.skiernews.com/GreatLodging.htm or directly at www.steamboat-springs.com

MORE EXCELLENT REASONS to VISIT and SKI STEAMBOAT

STEAMBOAT SPRINGS, CO – Certainly there are bigger mountains, places where the slopes are steeper or the runs longer. However, nowhere do the various parts add up to create such an exceptional mix – one that distinctly sets Steamboat apart from the rest of the world. A mix that is rooted in a genuine friendliness and an authentic Western heritage is not often found in today's world of mega resort complexes that more closely resemble theme parks than true ski towns.

About Ski Town U.S.A.®

Steamboat was first called Ski Town in the headline of a 1947 Associated Press photo captioned, "The population of Steamboat Springs, Colorado is 1,700. The number of persons who ski is reported to be 1,685. The others are children under 1 year of age." In 1987, the Steamboat Springs Winter Sports Club registered the trademark.

About the Mountain

Located within the Park Range of the Colorado Rocky Mountains, Steamboat is comprised of six peaks: Mt. Werner, Sunshine Peak, Storm Peak, Thunderhead Peak, Christie Peak and Pioneer Ridge. The resort spans over 2,965 acres of terrain that offer a diversity of trails for all ability levels. The gladed areas of Pioneer Ridge, Sunshine and Storm Peak are Steamboat's particular claim to fame, with Champagne Powder® snow in the trees for the powder hounds.

Easy to Get to

Steamboat is 160 miles northwest of Denver, an easy three-hour drive. Take I-70 west through the Eisenhower Tunnel to the Silverthorne, exit 205, then go north on Colorado Highway 9 to the town of Kremmling, then west on US 40 over Rabbit Ears Pass. Steamboat is accessible by nonstop air service from 11 major U.S. airports on Alaska, American, Delta and United Airlines, in addition to connecting service from over 300 other domestic and international cities.

New San Diego Nonstop Flight

Southern Californians can experience floating in Steamboat's legendary Champagne Powder® with new winter nonstop service on Alaska Airlines from San Diego International Airport (SAN) to Steamboat/Hayden Airport (HDN). The new flight rounds out access for West Coast winter enthusiasts, with nonstop flights available up and down the coast from Seattle to southern California. Alaska Airlines will fly

routes on a 76-seat E175 jet, operated by SkyWest Airlines, between San Diego and Steamboat twice a week from Dec. 16, 2017, to March 25, 2018.

North America's No.1 Family Resort

SKI Magazine recognized Steamboat as one of the Top 10 Family Ski Resorts in North America in its Top Resort Guide. For more than 15 years, the readers and editors in this industry barometer have featured Steamboat as one of the premier family destinations. The resort has earned a reputation in the industry as the leader in family programs with the original Kids Ski Free and Kids Fly Free programs, its dedicated children's center with day and evening programs, its location system Steamboat MountainWatch, and kids' specific terrain and lifts.

Kids Ski Free

Steamboat pioneered the first Kids Ski Free program in the ski industry back in 1982. Steamboat's Kids Ski Free program, valid the entire season, enables children 6-12 years old to ski free

the same number of days as their parents when a parent purchases a five-or-more-day adult lift ticket. The resort also features Kids Rent Free under the same guidelines.

Guest Service - the Top in North America

Steamboat's employees served up some of highest net promoter scores in the industry, achieving a season average 89 Net Promoter rating, including an unprecedented eight weeks where the resort enjoyed a score of 90 or higher. In fact, Steamboat's achievements were the highest for any resort of its size in North America.
