JACKSON HOLE'S WINTER LEGACY CONTINUES with LODGING, BREWS and a NEW SKI SCHOOL HOME

WEST TRENTON, NJ - (Special for SKIER NEWS) - There are many great ski towns in North America but few are like Jackson, Wyo. What other ski town gets more visitors in the summer than in the winter? The answer provides a beginning for great deals.

Jackson is the gateway to Yellowstone and Grand Teton National Parks and it bustles with summer tour buses, campers and those passing through the Parks from Montana or Idaho. Compared to summer, in winter the lodging almost grinds to a halt. Until the late 1990s, many hotels and restaurants closed for the winter. Now, with the successful marketing efforts of Jackson Hole Mountain Resort with more flights and more guests, Jackson's bars, restaurants and lodges are open for business when the snow falls. Since there is an abundance of rooms, deals are plentiful.

Air Accessibility is the Key

Now with nonstop flights from 12 major cities and hundreds of international connections flying to the newly expanded airport, Jackson Hole is one of the most easily accessed destination resorts in the Rockies.

The airport (JAC), with its recently completed new luggage system and \$30 million dollar expansion over the last few years, now presents a most efficient and comfortable arrival and departure experience. Jackson Hole Mountain Resort is a short 30-minute drive, offering convenience and proximity to one of the most beautiful winter playgrounds. See more on page 7.

Recent Upgrades, Lifts & Terrain

During the summer of 2016, Jackson Hole Mountain Resort installed a new gondola named The Sweetwater. This is Jackson's second gondola, and it improves access to beginner and ski school terrain at the mid-station unloading point the home of Solitude Station. It also provides easy access to Jackson's all new, all blue Casper area. With the facility opening for this winter, Solitude Station adds more convenience as Jackson's new Ski School home.

All-new, All-blue a Big Success

The buzz around the mountain a few years back was the creation of an "all-blue" section of the mountain in the Casper area. In an effort to make intermediate skiers more comfortable on the mountain and to continue to broaden the appeal of Jackson Hole Mountain Resort, a new, high-speed, four-passenger detachable chair opened in December 2012, the new Casper Lift.

Along with the new lift, the Casper intermediate trail network received extensive summer grooming, expanding and improving this classic blue terrain. This created a completely new experience to this previously under used area.

The new Casper area was well received when it opened in 2012-13. In 2013-14, another snow cat was added to the fleet to increase grooming capacity even further. This intermediate playground has its own on-mountain restaurant to add to the convenience. And now, more access from the new, higher Casper Lift.

Jackson has 4,139 vertical feet of awesome trails spread out over 2,500 acres, half of which are beginner and intermediate ter-

rain. You will have a large number of trails to pursue regardless of your ability. If you are in doubt about which groomed trails are the best for your ability, they offer complimentary Mountain Host tours to acquaint you with the mountain.

In the 2015-16 season, Jackson added the The Teton Lift, a high-speed quad that expanded in-bounds terrain and added 200 acres in-bounds skiing. This amounted to the addition of 1,620 vertical feet of great terrain above Jackson's Aprés Vous area.

Solitude Station:

The New Standard in Learning

Solitude Station is the latest offering in Jackson Hole's continued devotion to skier progression and the family experience. The newest on-mountain center for learning and growing at JHMR for kids and adults alike, Solitude is located a short 2-minute gondola ride from the base area. The expansive lodge at the Sweetwater Gondola mid-station, thoughtfully designed with 12,000 square feet of dining, rental, and the Mountain Sports School home base, is a premiere amenity for many guests looking to improve their skiing and riding. Geared for kids ages 7 and up, as well as families and group lessons, Solitude Station is designed to maximize learning development in an empowering and constructive atmosphere. This is a state-of-the-art concept unique to Jackson Hole and its unmatched mountain environment. The building will be open for family après experiences at peak times of the year and available for private events both summer and winter.
