### SKI or RIDE JFBB Jack Frost

New this year at Jack Frost is a restaurant with a new mouth watering menu to include unique burgers, sandwiches and flatbreads. Grab a bite to eat for lunch. Alternatively, after an exhilarating day on the mountain, relax and enjoy live acoustic entertainment, while the wait staff serves you a bite to eat and a drink.

### Big Boulder

At Big Boulder, a new 600-foot magic carpet is added to the snow tubing park to get you to the top of the chutes for a fun action packed day.

In addition, Jack Frost and Big Boulder upgraded their snowmaking systems with new SMI fan guns, lodge improvements and improvements to the equipment rental fleet.

### Past Upgrades Prove Their Worth

At Big Boulder, the T-Bar is always a big hit. The bar gets bigger and proven better with the same awesome view of the mountain. This is the place to hang for après ski with great music from 4 p.m. to 8 p.m., Saturdays and holidays with all of your favorite beers on tap.

Big Boulder Park recently received some new features and two new Piston Bully park groomers. Everyone works hard to make sure that you like what you see once you arrive.

The facelift a few years back to the JFBB website was a huge improvement and a big hit. The easier navigation allows you to get what you want to know faster. See for yourself and let them know what you think. The new site still hosts the very popular interactive maps, which offer guests the opportunity to highlight and pull up information in a snow report and apply it to a map. "My Map" will allow guests

to customize their own maps and areas they wish to use with their own pictures and videos. Go online at [www.jfbb.com](http://www.jfbb.com) and check out the interactive trail maps.

The vibe in past years at Jack Frost was in the glades. The staff at Jack Frost look forward to extending that vibe and awesome feeling to newcomers to the resort this year.

JFBB continued to show their dedication to snowmaking by adding to their snowmaking fleet two years ago with the latest in SMI Pole Cats. Both Jack Frost and the Big Boulder's rental shops continue the rental fleet with latest Rossignol and Head skis, snowboards, boots and bindings.
